Services

Scholarship and Selective Entry Test Preparation

With years of experience helping students gain entrance into some of Melbourne's most prestigious schools, we are confident to be able to improve your child's chances in any scholarship or selective entry test situation.

Primary and Secondary Academic Assistance

Bright Spark helps to position students in front of their peers at school, placing your child in the best position possible to excel. Our course has a focus on NAPLAN test preparation and aims to improve your child's scores compared to national standards.

VCE Exam Preparation

We can assist your child achieve the best possible ATAR score possible through our integrated VCE course.

Testimonials

Over the years, we have achieved optimum results for our students. Here are a handful of comments from our clients:

"Given the limited time of only a couple of months interaction [my daughter] had with you, I do think that the Bright Spark Learning Centre's guidance was the THE most important factor for her success."

-Akash Kaul, father of Anooksha Kaul

"After being taught by the Bright Spark Learning Centre, I felt comfortable and confident in the exam, and it was thanks to your great teaching skills that helped me gain a place."

-Anooksha Kaul, recipient of offer into MacRobertson Girls' High, 2016

"During the few months that I have been under Bright Spark Learning Centre's tutoring, my overall performance, especially writing, has dramatically improved. I believe that Mr Ferro is an excellent teacher, and without his aid, I would not have the honour of receiving an offer in the exam."

-Vivien Guo, recipient of an offer into MacRobertson Girls' High, 2016

"My goal was to achieve admission into MacRobertson Girl's High School and after the Bright Spark Learning Centre's exceptional educational guidance, I have achieved this goal. I would truly recommend it to anyone considering selective school or scholarship tuition."

-Angela Yang, recipient of an offer into MacRobertson Girls' High, 2016
